

29 OCT 1985

Ms. Shirley Drenning
8751 Pelican Drive
Hodgkins, Illinois 60525

Bob Roach

Dear Ms. Drenning:

Thank you for your letter dated October 11, 1985, regarding your concerns about air-borne materials being deposited in your area, and its possible impact on your health.

The Illinois Environmental Protection Agency (IEPA) has primary responsibility for enforcing air pollution control regulations in the State of Illinois. A member of my staff has contacted the Chicago Regional Office of IEPA, and has been informed that their office has received several complaints from residents in the area, and that the complaints are being investigated. Also, the Cook County Department of Environmental Control has informed us that they will continue with their investigation.

If you would like to contact the IEPA Regional Office directly, you may reach them at 1701 South First Avenue, Maywood, Illinois, 60153, (312) 345-9780.

I am sending to IEPA and Cook County copies of this letter together with copies of your letters, and asking them to keep us advised of the progress of their respective investigations.

I hope this has been of some help to you, and that the matter will be resolved. My staff will monitor the State's progress in resolving this matter and will offer our assistance should they have any problems. If you have any further questions regarding this matter, please contact Ms. Sheri Bianchin of my staff, at (312) 886-6862.

Sincerely yours,
